## External Funding: Resources & Databases (UK)

We've gathered a list of other funding opportunities/bodies that offer bursaries or scholarships in the film industry (not only specific to our course). These funding opportunities may cover travel and accommodation costs, further study etc.

In addition there is a list of charities, associations and organisations that you can contact to enquire if they can offer funding to cover certain parts of the training such as cover a percentage of the tuition fees or some travel expenses etc.

We will update this list with new opportunities or databases.

Find the list [here](#).
